GENERAL NOTICE
Issued By Dubai Municipality
Regarding Grease Traps

Pursuant to the Local Order No. (8) of 2002 concerning Drainage & Irrigation Network in Dubai, and Administrative Order No. (181) of 2007 regarding fat, Oil and Grease wastes. Drainage & Irrigation Department of Dubai Municipality requests your company's cooperation in the following matters:

- ❖ There should be regular maintenance of the grease traps at least twice a month to prevent the excessive amount of fat, oil and grease going to the Drainage and Irrigation network.
- ❖ The followings are the standard capacities of the grease traps as per their type:

Type A – 45 – 55 Gallons

Type B – 110 – 120 Gallons

Type C – 145 – 155 Gallons

Type D – 15 Gallons

Drainage & Irrigation Department looks forward to your cooperation in the above mentioned matters for the interest of the public health. Please note that any failure to adhere to the above requirements may result in enforcement of Dubai Municipality's regulations, which may result in ceasing the services or suspending the permission granted.

Thanking you for your cooperation and understanding.
